Wellnex Life Limited (ASX) ("Wellnex Life" or the "Company") is pleased to announce the approval of a new Market Authorisation (MA) for a liquid paracetamol plus caffeine soft gel after the successful submission with TGA of the pharmaceutical dossier.

The new MA approval builds on the extensive soft gel portfolio of the Company with MA's including:

Wellnex Life's four MAs for a range of liquid soft gels is a validation of the Company's philosophy of being either 'first' or 'fast' to market with innovative products for the consumer health market.

The approval of the new MA will further drive additional revenue opportunities for Wellnex Life, that build on the Company's existing MAs being utilised by domestic and international companies like Chemist Warehouse and Haleon.

Managing Director, Zack Bozinovski said, "The approval of liquid paracetamol plus caffeine soft gel market authorisation is a great testament to the Company and its internal capabilities. This unique product will provide opportunities not only to use in the Company's own brands but also opportunities to license it to third parties."

The ASX announcement has been authorised by the board of Wellnex Life Limited (ASX:WNX).
